Informed Consent to Chiropractic Treatment

The nature of Chiropractic treatment: The doctor will use his/her hands or a mechanical device to move your joints. You may feel a "click" or "pop", such as the noise when a knuckle is "cracked", and you may feel movement of the joint. Various ancillary procedures, such as cold packs, electrical muscle stimulation, therapeutic ultrasound, flexion/distraction or therapeutic exercises may also be used.

Possible risks: As with any health care procedure, complications are possible following a chiropractic adjustment. Complications could include fractures of bone, muscular strain, ligamentous strain, dislocations of joints, or injury to intervertebral discs, nerves or spinal cord. Cerebrovascular injury or stroke could occur upon severe injury to arteries of the neck. A minority of patients may notice stiffness or soreness after the first few days of treatment. The ancillary procedures could produce skin irritation, burns or minor complications.

Probability of risks occurring: The risks of complications due to chiropractic treatment have been described as "rare", about as often as the complications that are seen from the taking of a single aspirin tablet. The risk of cerebrovascular injury, or stroke, has been estimated from at one in one million to one in twenty million, and can even further be reduced by screening procedures. The probability of adverse reaction due to ancillary procedures is also considered "rare".

Other treatment options (besides chiropractic) which could be considered may include the following:

- *Over- the-counter analgesics:* The risks of these medications include: irritation to the stomach, liver and kidneys as well as other side effects in a number of cases.

- *Medical care*: Typically, anti-inflammatory drugs, tranquilizers and analgesics are utilized. Risks of these drugs include a multitude of undesirable side effects and patient dependence in a significant number of cases.

- *Hospitalization:* In conjunction with medical care adds risk of exposure to virulent communicable disease in a significant number of cases.

- *Surgery:* In conjunction with medical care adds to the risks of adverse reaction to anesthesia, hospital acquired infections, as well as an extended convalescent period in a significant number of cases.

Risks of remaining untreated: Delay of treatment allows formation of adhesions, scar tissue, and other degenerative changes. These changes can further reduce skeletal mobility, and induce chronic pain cycles. It is quite predictable that delay of treatment will complicate the condition and make future rehabilitation more difficult.

Unusual risks: Unusual risks are many times case specific and will be explained in detail if they occur.

I have read the explanation above of chiropractic treatment. I have had the opportunity to have any questions answered to my satisfaction. I have fully evaluated the risks and benefits of undergoing treatment. By signing below, I have freely decided to undergo the recommended treatment and hereby give my full consent to treatment.

DEALING WITH YOUR INSURANCE COMPANY

Insurance companies can be your best friend – or your worst enemy, particularly if you do not comply with their guidelines.

Since every insurance plan has its own special requirements, it is impossible for us to be familiar with each and every plan. Therefore, we must look to you, the patient, to assume the responsibility of knowing what your insurance coverage is. In the last analysis, the patient is **always responsible** for payment for any services rendered. We will, of course, be happy to complete all necessary forms and to submit to your insurance company claims for you and whatever documentation they require. However, this is done strictly as a service for you.

It should be pointed out that our contract for services is with you, the patient. We work for you; not for your insurance company. Reisterstown Family Chiropractic provides the best services that we are capable of providing and expect that payment for those services be made as promptly as possible. It is important, therefore, for you to become an informed consumer relative to your insurance coverage. As always **Co-pays and Co-insurances are due at the time of service.**

If your insurance company requires pre-certification or pre-authorization for any services, it is **your responsibility to obtain the authorization** and notify the doctor, as well as to provide Reisterstown Family Chiropractic with the proper forms and to monitor the number of approved visits.

Please contact your Primary Care Doctor's office if you have any questions about pre-certification. On most insurance cards there is a telephone number listed to call which can help you in understanding your coverage and exactly what needs to be obtained for certain services. Please feel free to discuss your concerns directly with Dr. Lipman or the designated staff member. If you have any questions regarding your billing statement, please contact the Coordinator of Operations, or your insurance company. We are here for you, and it is our pleasure to be of service to you.

REISTERSTOWN FAMILY CHIROPRACTIC
FINANCIAL POLICY

MAJOR MEDICAL GROUP / INDIVIDUAL HEALTH INSURANCE

Most insurance companies have benefits for Chiropractic treatment. The yearly deductible and co-payment will vary among insurance companies. It should be pointed out that our contract for services is with you, the patient. We work for you; not for your insurance company. Reisterstown Family Chiropractic provides the best services that we are capable of providing and expect that payment for those services will be made as promptly as possible. It is important, therefore, for you to become an informed consumer relative to your insurance coverage.

OFFICE POLICY

**1. As a courtesy to you, we will call to see if your health insurance policy includes Chiropractic benefits. We will notify you of the percentage that your policy covers and any limitations to the payments. If we are informed that you have not met your yearly deductible, this balance is required to be paid by you directly to our office. We will need a copy of your drivers' license and your insurance card to be kept on file in your numbered chart. In addition to our office verifying your insurance benefits, we require that you, the patient, call your insurance company to verify your own coverage. We will provide an Insurance Verification form, to be completed by you within your first 3(three) visits.

**2. We will bill your health insurance carrier and have you assign payment to us for treatment in our office if you have provided us with the necessary information. Your co-payment is to be paid by you at the time of each visit.

**3. If you receive a check from the insurance carrier for services rendered in our office, bring the check and any attached forms to this office immediately. We will need to have the documentation for what dates of services and what services were paid by the insurance carrier. You will not be permitted to make "payments" on an insurance check mailed to you. The account may be turned over to a collection agency if full payment is not made immediately.

_____4. The verification provided by this office is not a guarantee that your insurance carrier will pay what has been stated. Your account is ultimately your responsibility. Any discrepancy between what is quoted on the insurance verification form and what is actually paid by your insurance carrier is your financial responsibility. You are more than welcome to dispute an adverse decision with your insurance company directly, but you will be responsible for making a payment in full to our office immediately.

**5. We will accept payment on your account in the form of CASH, ATM CARD, VISA, MASTERCARD, DISCOVER or CHECK.

**6. If any insurance or personal information changes during the course of treatment, you are required to inform this office immediately. (Such as your insurance policy/plan updates or terminates, you have moved, or changed your phone number, etc.)

_____7. There are a certain number of appointments available each day and often patients who are injured are unable to be scheduled the same day that they call. With this in mind, if you are unable to keep a scheduled appointment, we ask that you give us the courtesy of a phone call at least 24hrs prior to a missed appointment. Failure to do so will result in a $50.00 missed appointment fee.

**8. If you receive a bill, the payment is due upon receipt. All accounts with a balance over 45 days will be assessed a 1% late charge per month on the unpaid monthly balance. Payment plans can be arranged through the Billing department (410-517-2400). In the event that an account becomes assigned to a collection agency, the patient will pay 100% of collection agency fees, 100% of court costs, and 100% of attorney's fees.

**** I HAVE READ, UNDERSTAND, AND ACCEPT THESE POLICIES IN FULL. *****
Please initial above and sign below.
